Cliff with Relative height 30ft

0 ¼ ½ ¾ 1 mile
Scale

Magnetic North

* Wild dogs in this region can be a serious stock menace. It behoves bushwalkers to assist in their detection and control.
Neville Lang of "Bindook" would be pleased to receive reports of their calls or tracks.
Dingo traps may be set on roads south of Kowmung River. Do not step pear chains wired to logs or trees and buried in smooth part of track. Other wheel track may be blocked to divert dogs into trap.
